The Church's position on current issues often diverges from current cultural views. What are the needs of the adolescent, and what attitudes and techniques make confident and successful discussion leaders?

Moral Issues

The Orthodox viewpoint on almost all moral issues will be presented in a reference handout. A booklet dealing with teen issues will also be provided. Discussion encouraged!

For both Elementary & Middle School/High School

Creative Expressions

It is time to claim our heritage and bring the arts into our teaching methods so that the children regularly meditate upon and internalize their faith. A variety of methods will be presented.
