Eli Hage is the Dealer Principal of GBS Technologies Inc. A telecommunication and IT Company with offices in four Atlantic provinces. An Electrical Engineer by trade, he has owned and operated several types of service industry businesses, specifically in Retail and hospitality. He serves as the company's President, which involves overseeing the operation and implementation of all strategies, policies, and processes.

Eli leads a team responsible for implementing all marketing activities for the company, including branding, client experience, business research, marketing strategy, and business development activity. To achieve this, Eli uses his ability to attract and mentor top talent, combined with his many years of experience in sales and marketing.

Prior to being an entrepreneur, Eli worked for the Department of National Defense as a Technical instructor where he developed materials and courses for training, he also lectures navy personnel in computer networks, Electrical circuit, and control systems.

Eli's greatest strengths are his creativity, drive, and leadership. He thrives on challenges, particularly those that align with his vision. His most recent project involved the build of a stand-alone attractive building at center of Halifax.

Eli previously served on the board of Saint Antonio's Church of Halifax, Nova Scotia, as chairperson multiple times, he is also a member of TELUS community board's Atlantic division for the past five years, an organization that support various charities. He is a recipient of Queen Elizabeth II's Platinum Jubilee Medal (Nova Scotia) in recognition of his valuable contribution to the province.

Eli volunteers on many organizations and share his knowledge and expertise for community goals. In 2009 Eli was recognized with the Businessperson of the Year Award by the Canadian-Lebanese Chamber of commerce for outstanding achievement in business

Halifax is home to Eli, his wife Susan and their four children. When not working, Eli likes to walk, exercise and travel to discover new cultures and meet new people.
